Bob Clift Memorial Cheshire Bike Rides

25miles, 50miles and 100miles

Despite very difficult weather conditions, everyone who started finished the ride. The new 25-mile ride only had 11 riders but they all said the route was lovely and the refreshments at **Old Ma's café** were well received and delicious.

82 riders took part in the 100-mile ride, 133 riders took part in the 50-mile ride, and 11 riders took part in the 25-mile ride.

Some but not all riders managed to catch a torrential rain storm along the ride but overall they still enjoyed the routes and the refreshments, which were amazing as always.

Emma at St. Philips church went above and beyond by supplying hot drinks to our cold wet riders despite this stop supposedly being for cold drinks only.

As always, volunteers did an amazing job - without them the event just wouldn't have happened.

All the venues were great and riders commented that the event was - to quote one rider - *"the nicest, friendliest and tastiest ride I have ever done."*

Collette Ledsom, who rode her first ever 25 miles hadn't ridden this far before and raised £220 for her local hospice.

Tracy J, Organiser

Sorry - there are no other photos this time (ed.)
