

TWO MILLS SUNDAY RIDE 24th NOVEMBER 2019 TO MANLEY MERE

LED BY JOHN WALKER

As you can see from the smiling faces everyone was ready for a good ride even if the weather was dull and damp but at least there was no rain. Brian Lowe had gone off with a small group and Janet Gregory had led a faster and further group so the main group divided into two and off we went down Woodbank, through Saughall and onto the Greenway.

Then by Pipers Ash and Christleton, Waverton, and Duddon where the leader called a halt for a banana stop, not sure where the member in the yellow top is going but you could have a guess!

I think we all like Manley Mere for it is a peaceful place to visit away from all the rush and bustle, and they do give you a warm welcome, however I did think that £9 was OTT for soup and a coffee.

The ride back via Mickle Trafford, Picton Gorse, over the canal to Backford, A41 and A5117 to Capenhurst, made a pleasant change from going via Stoak and a long slog along the A5117. Thanks to John Walker for an interesting ride.

David Collinson.
