

Okells Garden Centre Café - 21st OCTOBER 2018

As I came down **Boat House Lane** the **Welsh Hills** were bathed in soft Autumn sunlight, the **River Dee** was at nearly full tide and the estuary looked absolutely stunning. Magic!

Here at **Nets Café** the members are fuelling ready for the ride - **Roy**, our leader, arrived from the **Tudor Rose** where he had left his car. He said it was a four mile ride! And the group is ready for off.

Christleton Pond

The next halt was at **the pond in Christleton**, always a favourite place to stop. Why is it I always seem to find many of the same members in my photos? After this break the route was shortened as we were running a little late.

Having had a good lunch at Okells we were on the way back home.

I for one, wondered which way **Roy** would take us - surely not the same way back, but **Roy** knows the **Cheshire lanes** like the back of his hand and it was not long before we were covering territory new to me. I was lost to know just where we were. It wasn't long before we returned home and I could look at the map before I figured it all out - **Oscroft, Tarvin Sands, Barrow and Hollowmoor Heath** finishing via **Stoak** to the **A5117** cycle path.

Many thanks to **Roy** for leading such a good ride!
