

'The Bromley Close Bash' 20th December 2009

Global warming? That's a joke!

Getting ready for off!

At the Eureka

Santa on a recumbent?

Overnight we had snow and at 9.00 AM the temperature was still near freezing.

What's with the goggles?

We had spent hours, no, days, preparing food for an expected hoard of around 50 hungry cyclists.

At 10.00 we had the prearranged phone call fro Janet at The Eureka, to advise us that only 5 riders were present and able to ride to us for lunch if the icy roads permitted it.

Stately Bromley Entrance

Parked up - Witton's garage

We had expected more to arrive by car and one at least was going to walk, so we continued to ready the food and of course the Mulled Wine, in anticipation.

We need not have worried!

What a feast!

Ann, Colin and Janet

Eventually around 20 guests were soon devouring, not only their own sandwiches, but everything else we had to offer. Vegetable soup, sausage rolls, wide selection of snacks, tea, coffee and wine was enjoyed by all.

What's cooking?

The long awaited raffle, to which so many members had contributed, some found confusing: split as it was, into a general draw and an additional one for the Star Prize of a Curry Meal for two.

Raffle Prizes

The proceeds were donated both to The Alzheimer's Research Trust and Two Mills CTC funds.

Anyway, everyone seemed happy with the outcome and were glad to go home clutching their prizes.

Well done and thank you to all those who braved the snow, sleet and icy roads to contribute to a successful lunch.

Bob & Jill
