

COTEBROOK SHIRE HORSE CENTRE LAKESIDE CAFÉ – April 3rd 2011

Yes it was wet. Very wet! But Jane had a good following for this, her first run, to Cotebrook.

By the time we reached and crossed 'Three Bridges' it was muddy and slippery under foot over the cobble stones, particularly challenging for the tandem.

**Crossing the
'Three Bridges' on foot!**

**Some even chose to carry their
machines.**

Lunch at **The Lakeside Café** was a first visit for most of us, but Jane had pre-booked lunch and she even provided a menu for us to make our choices earlier.

Because it happened to be Mothering Sunday, the café was very busy, but we were soon served with excellent food.

The well planned route home was nearly all downhill, and it was a great pity that the heavy 'April showers' persisted right back to the Eureka.

Thank you Jane.

We hope you enjoyed your ride as much as we did.
