

CTC Two Mills - Sunday Jan 3rd 2010, Delamere

Sorry, but once again, the weather beat us. -1 Deg C or 28 Deg F. in old money?

Local roads were very slippery - not worth the risk!

But our leader for the day, Barbara, did get to a very quiet Eureka Café, to advise those that did turn up to ride, that, whilst she was not prepared to ride, she did provide a suitable printed route to follow. So, Chris, Brian, the two Alans, and Ian from Chester, did set off for I know not where. Hopefully they had an enjoyable day.

We settled for a walk along the Wirral Way to observe a very high tide at Heswall Shore.

The afternoon was given over to reading and planning some of our 2010 activities, such as:

Across the Himalayas

A very enjoyable afternoon's work.

Perhaps we will get out on the bikes on Wednesday, although the weather forecast does not seem very inviting. Hey, ho!
