

Delamere Visitors Centre - Sunday 27th MAY 2012

Given only a few days notice, **Roy** agreed to lead **Barbara's** planned ride to **Delamere**. Many of our **Two Mills** members were away on holiday, but nevertheless, the **Eureka Café** was

very busy on this hot sunny morning and all seats were taken.

Because so few Merseyside CTC members had turned up, three of my friends asked if they could join us for the day. Of course we agreed: 'entante cordiale' and all that! **Roy** chose a contour hugging route to **Delamere**, which, considering the high temperature prevailing, we found very acceptable. The shaded roads through the rest of the ride were a great pleasure to ride along, bringing us to an early lunch at the **Visitors Centre**.

Lunch at Delamere Visitors Centre

The café was surprisingly quiet, so we were soon served with our meals, some even having time for an ice cream.

Jill was the only lady in our group, but soon after lunch we were joined by **The Fabulous Ladies** of Chester, who rode back with us as far as **Waverton**. So **Roy**, already an ever popular captain, proved even more so, by bringing together three local CTC groups on one ride! Is this a record?

Thanks Roy - a great day out!
