

DUNHAM-ON-THE-HILL - FEBRUARY 21st

A pity, but **the weather beat us again**, and, in spite of the fact that Janet had already cancelled her ride, 3 of the 6 riders who made it to the Eureka, were Two Mills members.

Tricia, Sylvia and Brian. What can one say?

Icy Bike

But, on the day before that, we saw the inaugural ride of the Bicycle Belles, when Janet led 10 ladies for an enjoyable ride around the Wirral lanes.

Bicycle Belles

Back to Sunday: at 8.00am, the Welsh hills were clouded out after overnight snow and frost. By 9.00am, a further blizzard meant that riding was impossible.

So what to do?

Done the crossword, but still plenty of cycling news to read in The Times.

All Semaine Federale bookings have been confirmed along with other hotels en route.

Perhaps another look at the map of France.

The Times Cycling News

But failing that, fall back to reminiscing on even worse winters in the 50's when:

Men were men:

and Lycra had not been invented.

When elegant young ladies, dismounted from their machines and wheeled them when the weather became inclement.

A friendly farmer was happy to use his tractor, and a spade, to extract us from a snow drift.

Oh, such happy days.

So, what better way to round off the day than to partake of a good Curry, accompanied by an excellent bottle of recently acquired wine?

Thank you CTC Two Mills for that!

Bob Witton.
