

Grosvenor Garden Centre – 23rd Jan

Jill and I were away visiting family this week, so these account details are mostly from Janet, plus photos from other riders. Many thanks.

Ted led about a dozen riders off down through Saughall, Blacon, Higher Ferry and into Westminster Park for 11ses.

A new venue for us at the café. Well done Ted!

It's quite a large park, 22 acres, and amongst other attractions, it has a 9-hole golf course and 1200 trees. The British Military Fitness Training unit has a base here.

“ Not a lot of people know that!”

On then to the Garden Centre where other members joined us for lunch.

The homeward ride was via a route east of Chester, onto the cycleway and back to the Eureka for an early tea.

Lunch at the cafe

Bob Witton
