

Peter's Ride to New Brighton - February 6th 2011

As I was again 'off duty' for the weekend, we are indebted to Janet this week for both text and photos.

Before leaving for the ride, about fourteen members were able to examine the

Merseyside CTC Tourist Trial shield we won for fielding the largest team on the day.

Roy was one of the successful competitors.

So, off we went, picking up some members at Thurstaston on our way past **Woodchurch High School**, where **sheep** have been introduced as part of the re-build, to bring the countryside closer to the urban jungle.

Lunch at The Lighthouse Pub worked out well after Peter's re-assessment of the planned revisit to The Derby Pool Pub which is now under new management. Booking a table proved to be a problem for them?

None of the riders took up the offer of a climb up Leasowe Lighthouse.

Bit too windy?

Yes, it was very windy all day but the rain kept off most of the time.

Thank you for a well planned ride Peter.

And thank you for that **Janet**.

Bob Witton
