

APRIL 29th WAS TO BE OKELLS; BUT IT RAINED!

Jill agreed to lead Annabel's planned ride to **Okells Garden Centre Café**: an interesting, long route there and back, with many members promising to turn out to support her.

However, the forecast was heavy rain all day which obviously put most thinking people off! Surprisingly, four other stalwarts did turn up and it was finally agreed that we should attempt to start a 'splash about' in the direction of Chester and see how the day progressed.

Well, it got steadily worse and what misplaced enthusiasm there had been, evaporated, (or more accurately was washed away), by

the time we reached the car park café in Chester.

So here we had a quick early lunch, chatted to the staff and the only three other customers (coach drivers), laughed at the passing empty, open topped Chester Tour Bus - before riding home in the continuing downpour.

No photos - too wet to take the camera!

Anyway, thanks to all.

Hope you did not catch pneumonia!

Bob Witton.
