

Old Ma's Coffee Shop, Tattenhall - 16th January 2011

Regrettably, not a full or very interesting report this week.

Well, it rained again didn't it? Just at the worst possible time. So Jill and I decided not to ride once again.

Only 5 riders, plus Roy of course, sat at the Eureka café until 10.30 am, hoping the rain would stop. It did not!

But they eventually braved the weather and rode along the Dee, passing the racecourse, and took lunch in the Roodee car park café before returning to the Eureka and so home to dry out.

We are indebted to Janet for these facts and Garmin route. Thank you.

And there is even more bad news for you. I will not be doing a report next week either.

We are driving south to watch our grand daughter in a pantomime.

Talented girl. It's in the genes you know!

Bob Witton
