

The Plassey - October 7th 2012

“ Got everything?” “ Map, route sheet,phone,wallet,drinks,biscuits,helmet,waterproofs”
“OK, got everything. Off we go.”

But I hadn't got everything, had I? My camera was still on the table!

So this week **Glennys** supplies all the photos (thanks Glennys), with only a few words from me.

Ten of us, including one new member from our **Tuesday Riders**, set off from the **Eureka** on a cold but bright morning.

Acknowledging a request for toilets at 11ses, I stopped at the public ones at the park in **Lavister**. They were closed! Why was this? The adjacent park was busy with family visitors and the Chester Marathon was passing nearby.

11ses at Lavister

Surely, Sunday is the very day toilets should be open.

We continued on our way to **Marford**, where very sensibly, **Barbara** and **Annabel** left us to drop down to **Farndon** for their lunch.

We had many more miles to do before reaching **The Plassey** for lunch at about 12.45.

The Stables café at The Plassey

Two Missing!!

Following a good lunch, the café was unusually quiet; we cycled home and were able to use some usually very busy roads which had been closed for the **Chester Marathon**. It was a pleasure to enjoy the warm autumn sunshine, the best weather for many weeks!

Thanks for your company. See you again next year!
