

Watson's Wanderers 600th Different Pub Visit 27th November 2012

On Tuesday 27 November 2012 some 30 cyclists left **Christleton** at 10:00 to ride, via coffee at the **Ice Cream Farm**, to **Willington Hall** for a special lunch. Willington Hall is the **600th different pub** visited by **Watson's Wanderers** since inception some 22 years ago. We were joined there by some of **Harry's family and friends**.

Harry gave us an short speech to celebrate the occasion, mercifully not realising his threat to read out his meticulous list of all 600 different pubs visited.

Ian responded in his usual amusing fashion, thanking **Harry** for his leadership and nose for a new pub.

Ian's Response

In spite of **Harry's** denials, we expect to be visiting pub 700 with him at some time within the next few years.
