

## Holt and Llyndir Hall, Rossett - 19th July 2017

There was another good turnout with twenty-two riders leaving in the main group (split into two) and some others making their way direct to **Rossett**. It was good to welcome three new riders to the group. Everyone seemed to enjoy this part of the ride and the weather was a delight.

The multiple eating places in **Holt** easily dealt with us all. After lunch we divided - some going to **Llyndir Hall in Rossett** where an event in memory of **Martin Brooks** was held for **Martin's** friends and family.

### **Llyndyr Hall, Rossett**

**Richard B** led another group in the direction of home.

There was a good turnout at the hotel to honour **Martin** with a total of around eighty present, with perhaps thirty of these being in cycling clothing.

Two of **Martin's** friends, **Mike Frith** and **Graham Gadd** spoke on behalf of **Martin's** cycling friends, and his young grandson also said a few words.

I have heard an account of the other group's ride home which seems to have produced strong feelings with some saying it was too hilly.

**Chris Smith**
