

## We Three Loggerheads - 28th March 2018

Well, it might have been the weather forecast, it might have been **Colin's** reputation for hard rides, or it might have been the proximity to **Easter** (although it was suggested to me that it was most likely my alarmist email last week?). When I arrived at the **Eureka** at 9:15am (for the 9:30am start) on Wednesday, I was surprised to find only one other bike outside - **Colin's**. By 9:30 six of us had gathered with the intention of riding plus **Mike M** who had arrived early for the 10:00am ride.

We set off into some light drizzle which soon cleared and we even caught site of the sun during the morning. It was the first visit to **We Three Loggerheads** for most of us and we were favourably impressed by the pub, the food and particularly the excellent beer from the **Hafod Brewing Company** in **Mold** (<http://www.welshbeer.com/> (also available at the **Druids**, which we visited last week.) (If you are looking for an investment opportunity the **We Three...** is for sale! <http://www.rightmove.co.uk/commercial-property-for-sale/property-56779261.html>).

**Peter L** joined us here and we all decided to head downhill in the rain into **Mold** rather than **Colin's** planned diversion further into the hills. The rain cleared in **Mold** and we enjoyed a pleasant ride back to **Hawarden Bridge** where I peeled off for **Neston**. We had all enjoyed our day out!

I understand that another six people gathered in the **Eureka** for the shorter **Loggerheads** ride but then went to **Meadow Lea**. Others apparently hid indoors.
