

Wrexham Reivers 70th Anniversary Ride to the Northgate Arena 5th September 2009

Our select group of fourteen riders known as the Wrexham Reivers, left the cafe in Gwersyllt as usual just after 9.30am. Riders included the Dilworths on a tandem! The route to Chester took us through Llay, Kinnerton, and towards the Saltney crossing of the Dee. Here, we turned left just to add on a few more miles! From the direction of Sealand, we travelled on the excellent cycle path to give us better access to the Northgate Arena in Chester.

As we hadn't had a 'cafe stop', we had a real treat of a picnic in a Chester park - sponge, cookies and shortbread all home-made and very tasty, courtesy of Lowri! By the time we reached Northgate Arena - we had clocked up 25 miles, nearly twice the normal distance from Wrexham!

Leaving the Cycle Sale quite loaded with our purchases, we took an indirect route home via the Ice Cream Farm - where we had a rather late lunch! By the time we got back to Wrexham we had done a respectable 54 miles. An excellent day out in kind weather!
